**Connect, Celebrate and Give Back to Your
Community and the Planet at Vivo;
Shaping Healthier Generations**

We're more than a rec centre...

Vivo is a community that's dedicated to shaping healthier generations. Through our various programs and initiatives, we're committed to promoting wellness in all its forms.

Whether you're looking to get active, learn about nutrition, or simply connect with others who share your passion for wellness, Vivo has something for you. Our state-of-the-art facility offers a wide range of resources and activities, all designed to help you achieve your health and wellness goals. Plus, we've recently expanded Vivo Centre 135,000 square feet to better unite all ages, abilities and cultures!

But we're not just about physical health—we're focused on building holistic wellness in our community. From our BMO Collaboratory and Plazas to our advocacy work and partnerships with local organizations, we're a charity working to create connection in a more vibrant and healthy city for everyone.

Centre Features

Inclusive:

Moving away from a western dominated idea of movement and gathering and putting eastern approaches at the forefront. The design of the spaces is intended to create opportunities for more people to see themselves in places like Vivo. We hope to create spaces where everyone is able to be themselves and feel accepted by others.

Endless possibilities for wellness & connection!

Accessible:

- Colour contrast and texture additions through all expanded spaces assisting individuals with impaired visibility to navigate the areas, including tactile signage.
- Sloped entry lane pool enables accessibility for individuals with physical disabilities.
- To ensure individuals in wheelchairs have a user-friendly experience, we have expanded clearance and grab bars throughout change rooms, washrooms and pool facilities, raised exercise platforms in the fitness centre and added barrier-free security gates and reception counters.
- Additional curb cuts, ramps and crosswalks to provide a barrier-free path.

Sustainable:

This expansion will maintain Vivo's certification as a LEED Gold facility and continue to allow us to minimize our impact on the world around us while reducing operating costs:

- 40% reduction in energy usage compared to other similar facilities
- 366 solar panels that will power 27% of the energy to operate the facility
- Natural ventilation in the indoor park
- New pool uses 95% less water than other similar sized pools
- A high performance building envelope to withstand against fluctuations in Alberta's climate (wind, storms, heat waves)
- Use of native and drought-resistant plants throughout outdoor spaces and landscaping

Arenas

Our Olympic-size rinks are an exciting and unique venue for your next event or activity! Whether you're planning a corporate event, a birthday party, or a school outing, our rink is sure to impress your guests and provide a memorable experience.
